

## **Christiani & Nielsen (Thai) PCL and its Subsidiaries (“The Company”)**

### **Green Procurement Guidelines**

Christiani & Nielsen (Thai) Public Company Limited and its subsidiaries (“the Company”) committed to conducting business in accordance with sustainable development guidelines under good governance, conducting business with social and environmental responsibility, taking into account the impact on all stakeholders.

Therefore, the Company is committed to being part of reducing the company's impact on the environment. The Company established the Green Procurement Guidelines as a guideline for our employees and suppliers to follow as part of procurement process as follows:

1. Procurement of raw materials which are harmful to environment such as asbestos is prohibited. Use substitute raw materials which are environmental friendly.
2. Develop criteria for the procurement of materials and services that consider the environmental impact.
3. Use materials with minimal environmental impact, such as non-toxic materials, substitute materials, and recyclable materials.
4. Consider selecting products or services with environmental labels or green labels.
5. Avoid purchasing single-use products while considering the use of raw materials in components/packaging that can be reused.
6. Procure from suppliers/service providers that have been certified to meet environmental management standards, such as ISO 14001 or other environmental standards.
7. Procure from suppliers/service providers with innovative materials and construction processes that reduce the environmental impact.
8. Communicate/provide training according to guidelines for green procurement to employees and suppliers of the Company.
9. Monitor the results of the Green Procurement Guidelines implementation.
